My dear Sir -

36 The lease for the Canton Street "Meeting House" has expired & I have been applied to - to day to know if the City Missionary Society would Continue its annual subscription to sustain this out post & I promised to mention the fact to you & to ask you as you met the members of the Board if they were willing to Continue - I am told at a recent meeting of the Pastor they agreed to sustain preaching there, if so it would seem a pity to abandon so good a field -

Can you conveniently do this, if so I should be Common with those interested much obliged -

Respectfully
Your friend &c
